UNIVERSAL WIPER BLADE

DOMESTIC • IMPORT • EUROPEAN

WIPER BLADE FEATURES AND BENEFITS

The AQUAVIEW windshield wiper has no frame, no fixings and no metal or plastic joints, which has the effect of preventing ice and snow from accumulating;

The blades are treated with graphite to reduce friction noise;

Aerodynamic design helps reduce wind uplift;

The ultra-flexible design allows the blades to better fit and adhere to the surface of the windshield;

A tension spring that distributes pressure more evenly across the entire length of the blade to ensure excellent visibility.

AQUAVIEW is 4 seasons and has a performance of 24 months.

STARTING SET 100 WIPERS.

Available size of windshield wipers:
13. 14. 15. 16. 17. 18. 19. 20. 21. 22.
